**Squarage Letter of Support**

To whom it may concern,

I'm writing letter in support of Squarage who hosted a student workshop for our EOPS and CARE students at Sacramento City College for the 2<sup>nd</sup> year in a row. The Job Retention workshop was great and kept the students engaged with work-based activity learning and real-life case demonstrations. I am confident that the skills the students learned in this workshop would benefit them greatly as they head into the workforce. Our students continue to share how impactful the workshop was and how they now have a renewed view of how to successfully enter the workforce in their chosen fields.

I would highly recommend Squarage to present at any career conference or school workshop in the future.

Sincerely,
