

Squarage® Letter of Support

To whom it may concern,

Eric Fan of Squarage® CTE is one of the best at career readiness prep in the CTE space, without question. Squarage® provided highly unique and unorthodox contents about such CTE topics: Interview Skills, Job Searching, Job Retention, and Mental Conditioning to our sophomore, junior, and senior high school students. The students were engaged throughout the presentations and enhance their employability and professionalism at a high level. I appreciate that his contents strayed away from outdated and generic CTE contents that we've seen in decade's past. I would highly recommend Squarage® to any CTE, ROP, and/or Virtual Enterprise/Business Academy program!

Sincerely,

A handwritten signature in black ink that reads "Holly Vance".
