

Reynold Garcia
CalWORKs Director
LA City College: CalWORKs

Letter of Support

To whom it may concern,

We want to thank Squarage® LLC for their amazing training workshops on career readiness and mental health and their ability to “edutain” our CalWORKS students by delivering highly engaging and unique contents. Eric Fan was able to instruct forward-thinking content on Job Searching, Job Retention, Mental Health, and Interview Skills for a post-modern workforce. We hope to have them return for the next school year! We highly recommend other workforce programs and counties to partner and collaborate them!

Thank you!
Reynold Garcia
